		Premium	Plus	Standard
	Prices (ex VAT):	£199	£159	£129
	Three high quality text to speech voices will read anything from your PC clearly and accurately.	✓	✓	✓
	Works closely with Microsoft Word 2003 and 2007. Speaks all text with a visual highlight and speaks as you type. Change layout, font styling and text & background colours with a single click.	✓	✓	✓
	Combines with Internet Explorer 6 and 7 to convert any web page into speech. Simply hover the mouse over the text or press play.	✓	✓	✓
	Powerful text Check button – check a word for spelling, meaning, homophones and dictionary definitions in Microsoft Word. Distinctive graphics help with the choice of word.	✓	✓	✓
	Incorporates a prediction tool, with a base prediction dictionary of the most frequently used words in the English language. Advanced features include building multiple prediction dictionaries for different subject areas.	✓	✓	✓
	Unique settings editor, allowing a user or trainer to configure ClaroRead. Choose the default font choice, build subject specific prediction files and add 'confusable or tricky words' to the homophone list.	✓	✓	✓
	Extras included are Speaking Calculator and ClaroCapture.	✓	✓	✓
	Includes the unique ScreenRuler Reading Bar, to assist reading anything on the PC.	✓	✓	✓
	Includes ClaroView coloured screen overlay tool, to better view the computer.	✓	✓	✓
	Scans and converts paper documents in over 50 languages into editable and accessible Microsoft Word documents. ClaroRead Plus has the OmniPage 16 Optical Character Recognition engine built in.	✓	✓	
	Additional Indian English voice Sangeeta and William gives a broader listening choice for all users.(UK version only)	✓	✓	
	Close integration with Dragon Naturally Speaking (v9 and v10) provides a useful echo back feature for greater verification of the dictated text.	✓	✓	
	Unlocks access to PDF files by converting them into Microsoft Word editable documents.	✓	✓	
	Includes a special portable ClaroRead Standard USB memory stick version. This runs directly from the memory stick on any PC – no files installed. Includes 2 RealSpeak voices.	✓
