

Olympus DM-450 & DM-550 - Digital Dictation devices -

DM-550

DM-450

Overview

With the very latest audio processing technology on board, the Olympus DM-450 bring high quality to users' fingertips. This models record every detail in order to ensure peace of mind and let you enjoy your favourite music, audio books or record your thoughts and notes. The DM-450 offers incredible Olympus recording and playback quality. It makes navigation a breeze with Voice Guidance and multiple language menus. In addition, 51 hours of battery life, battery save technology and a USB charge function ensure that you'll never be left hanging. With a range of practical accessories and Olympus Sonority software, the new models are the ideal companion to capture important moments anywhere from the meeting table to the lecture hall.
