

# Ultimate Access™

Version 4

New Release  
Of Speech  
Recognition  
Software

Over 800  
Custom  
Voice  
Commands

High Quality  
USB Audio  
Device  
Included

the integration of accurate speech recognition software with unique voice commands for the applications YOU use

Ultimate Access™ version 4 provides an enhanced series of additional NaturallySpeaking Professional voice commands for an even wider range of applications\*. These are grouped into **Voice Command Packs**. Included in the latest release of Ultimate Access™ version 4 are the following Command Packs:

#### Communication Pack

Make and receive **Skype** Internet telephone calls using voice commands, send Instant messages by dictating into **Windows Messenger v4.7** & modify the fonts in **Internet Explorer**

#### Assistive Technology Pack

Voice operate **Read & Write Gold**, control all options within **ZoomText Magnifier/Reader** and create mind maps, all by the power of your voice, in **Mind Manager** and **Spark Space**

#### Accessibility Pack

Control the built-in **accessibility options** in Windows 2000, XP and Vista by voice. 'Sticky Keys', 'Filter Keys' and 'Mouse keys' can be turned on/off with a single voice command

#### Time & Date Pack

**Insert the current date or the current time** into any application (that can receive text input) by voice - have the current date or time displayed on the screen and read back to you

#### Leisure Pack

Take a break and play **Windows Solitaire** or **Minesweeper** (in Windows XP) or listen to music and watch video in **Windows Media Player 11** using unique voice commands

#### Productivity Pack

Review your PDF documents in **Nuance PDF Reader**, scan in and store hard copy documents into **Paperport**, convert documents to PDF using **PDF Professional** and convert scanned documents into editable Word documents using **Omnipage...all by voice!**

Say-It Your Way™  
Technology

Change the name of built-in voice commands to a phrase that *you want*. i.e. change "Bold That" to a phrase that you choose - **Don't be dictated to... "Say-It Your Way"™**

\* Compared to Ultimate Access version 2

NaturallySpeaking Quick Start Guide

High quality USB soundcard adapter

Ultimate Access™ voice commands  
(created by Freedom of Speech Ltd)

Noise cancelling headset microphone (giving  
you highly accurate text & command recognition)

Ultimate Access Quick start guide

## What training is required?

We normally recommend a minimum of 1 day on-site training by a **Dragon Certified Instructor**. This is to enable users to operate **Ultimate Access™** effectively in the programs they use. Some users may require additional training which is dependant on a number of factors i.e. the amount of applications being used. Please contact us for further advice on this.

**Dragon Certified Instructors** have to pass stringent training requirements to ensure that they have both the knowledge of the speech recognition software and also the experience to train people with a variety of disabilities.

## What does it cost?

Ultimate Access™ v4 prices are available on request from Freedom of Speech Ltd (contact details below).

## System Requirements

### Processor:

Minimum 2.2 GHz Intel Dual Core™ or equivalent AMD processor.  
IMPORTANT: SSE2 instruction set required.
